CONTINGENCY AGREEMENT FOR CONCURRENT MEDICAL TREATMENT

This written agreement is made between (Therapist) _____, and (Client) _____.

Client agrees to continue counseling with Therapist at Compassionate Counseling Services, **contingent** upon seeking additional and **concurrent** treatment from a medical doctor to address Client's physical health needs and concerns. Client agrees that the purpose for this additional treatment is to address the Client's physical health needs and concerns, which are beyond the Therapist's scope of practice.

The following three referrals to medical doctors are being given to Client:

- 1. Dr. Lawrence Greenberg 949-222-6662
- 2. Dr. Mark Kosins 949-489-9898
- 3. Dr. Barton Blinder 949-640-4440

Client agrees to seek treatment from one of the above-listed referrals, or from any other medical doctor or medical facility that may provide similar services concurrently with counseling provided by Therapist at Compassionate Counseling Services.

Client further agrees to provide written documentation to Therapist, within two weeks from the date of this Agreement, confirming that (s)he is currently under the care of a medical doctor, as well as written authorization for Therapist to consult with his/her medical doctor about Client's overall health status.

This agreement is effective immediately, and will remain in effect until Client provides Therapist with written documentation from his/her medical doctor that Client no longer needs consistent medical treatment and/or monitoring.
